

“Canvassing the Community with Compassion”

You are receiving this letter since you were involved early on with The La Crosse Compassion Project. This project involved over 5,000 La Crosse School District K-12 art students and some businesses. In the fall of 2013, participating students and businesses received a 6-inch-by-6-inch art panel and were asked to draw or paint their idea of compassion. Additionally, they were asked to write a brief statement about their work. The project aspired to teach the practice of compassion through the use of art and writing. Some of the canvases from that project are now on display in a traveling exhibit. Some walls will be available to purchase for permanent display later in the fall. Are you interested in:
